CUSTOM-DESIGNED SCHEDULING, BILLING, EHR AND REVENUE CYCLE MANAGEMENT SOLUTIONS

Is Insight Right for My Center?

The Insight team is available to conduct an assessment to help determine the optimal solution or set of solutions for your Center. You pay only the travel costs for this essential site visit.

What Products Does Insight Support?

- **NextGen Practice Management (PM)** — Optimize scheduling, registration and billing and collection workflows
- **NextGen Document Management (DM)** — Scan and store documents and images
- **NextGen Electronic Health Record (EHR)** — Document clinical processes using procedural templates
- **NextGen Background Business Processor (BBP)** — Scheduled reports can be delivered into secure network folders
- **Refund Manager** — Automate the refund process
- **InstaMed** — Offers online patient payments, payment plans and eStatement viewing
- **Implant Log** — Log intraocular lenses and other implants easily and efficiently
- **Infection Control Log and Recovery Room Log** — Eliminate paper log books
- **State Reporting Application** — Report regulatory data as required by your state governing agency

INSIGHT

AMSURG
An **Envision Healthcare** Solution

"In the many years that I have dealt with the Insight team, they have always addressed my every question, problem or need. From formatting issues in ViaTrack to creating a specific report for my center, I have always received a prompt reply! They are extremely knowledgeable and will do all they can to make sure they resolve my issue. It is a pleasure to work with a group who understands your needs and delivers prompt results."

— ANDREA AESCHLIMANN
Business Office Manager,
Carroll County Digestive
Disease Center

QUESTIONS?

Please contact Amanda Endress at **aendress@amsurg.com**

How Does the Implementation Process Work?

- Contact your Operations Lead to begin process
- Kick off call held and site visit scheduled
- Biweekly update calls to keep everyone informed as project progresses
- NextGen Clearinghouse account set up for electronic claims processing and electronic remit (ERA) receipt
- In-person training and go-live support plus remote advanced training post go-live
- Complete implementation within approximately 90 days of your signed contract. (Go live will always be the first business day of the month)

What is My Center's Investment in Insight?

One-time implementation fee of $15,000 which includes:

- NextGen PM license* and components
  - Refund Manager
  - Document Management
  - Tasking/Worklog
  - ERA Auto Import
  - Patient Statement Auto Upload
  - State Reporting Application (if applicable)
  - Implant, Infection Control and Recovery Room Logs
  - NextGen Clearinghouse account setup
- On-site training and go-live support

Monthly maintenance and support fee of $1,500 which includes:

- Training on advanced functionality approximately one month post go-live
- Unlimited support of NextGen, NextGen Clearinghouse and all components
- All future upgrades and updates to the NextGen or Clearinghouse system and components including training documents on new features

* Additional fee for EHR. See Center Connect for pricing if your center uses the AMSURG Central Billing Office for billing.
