eDOCUMENTS

AMSURG
An Envision Healthcare Solution

## Benefits

- Ease of use
- Cost savings
- Unlimited storage
- Unlimited number of users
- Backed up off-site
- Two days of on-site training
- Secure

*"I am always looking for cost saving ideas and eDocuments fit the bill! The application is easy to maneuver already, but should you have a question, the support is outstanding. I would recommend eDocuments to anyone who is short on storage and wants an efficient way to eliminate their paper charts."*

— **DEBBIE SCROGGS**
32nd Street Surgery Center, LLC

# SECURE AND COST EFFECTIVE DOCUMENT STORAGE SOLUTION

## What is eDocuments

- Software solution along with unlimited storage growth provided
- Automatic upgrades and maintenance done with little to no disruption in service
- Documents stored in a secure format, accessible only to those with permissions

## Getting Started

- Streamlined implementation
- On-site training takes approximately 2 days
- Dedicated support team that understands surgery center operations and is prepared to address paper storage needs

## Improvements

- Cleaner office space
- Space utilization: Centers are able to cut costs of remote storage of paper and hopefully increase the amount of space available for procedures
- Backed up off-site, complying with HIPAA and new regulations for disaster recovery
- Saving money, time and effort by retrieving records at the click of a mouse

## Pricing

- Flat rate of $275 a month for the service and support
- One time cost includes price of the scanner and travel costs for implementation
