PROVIDING SPECIALISTS FOR ALL OF YOUR BILLING NEEDS

CBO provides you with access to a full team of reimbursement specialists, including certified coders, experts in managed care and Medicare reimbursement, as well as experienced insurance and patient collectors.

- A competitive, alternative billing solution
- Leverages the volume and net revenue per procedure
- Employs AMSURG's billing software platform of choice: Insight/NextGen
- Allows billing to be performed according to AMSURG policies and procedures

Value

- Provides backup billing solutions for centers also on Insight/NextGen when staff is out for extended periods of time.
- Provides centers with option to contract for staff to assist in collection of old accounts receivable left from prior billing software conversion or due to lack of staffing.
- Flexibility in staffing of charge entry function and data entry function, e.g. may be performed at center or at CBO.
- Verification of coverage and benefits staff as an add-on service.
